

Svenska presentationer ASH Orlando 2010.

Educationals.

Ola Landgren. MGUS and smoldering myeloma: new insights into pathophysiology and epidemiology. Titel på Educational session: Multiple myeloma.

Sigurdur Kristinsson. Thrombotic issues in myeloma. Titel på educational session: Supportive care in plasma cell dyscrasias.

KLL/Lymfom

Anna Halldorsdottir - Genome-Wide Array-Based Methylation Profiling Reveals Preferential Methylation of Homeobox Transcription Factor Genes In Mantle Cell Lymphoma and Pro-Apoptotic Genes In Chronic Lymphocytic Leukemia. Monday, December 6, 3:00 PM, 304 EFGH (oral).

Marzia Palma - Expression of Human Telomerase Reverse Transcriptase (hTERT) Splice Variants In Chronic Lymphocytic Leukemia (CLL). Sunday, December 5, Poster Board no II-293

Eva Mikaelsson - Small Leucine Rich Proteoglycans as Novel Tumor Markers In Chronic Lymphocytic Leukemia. Monday, December 6, 5:15 PM, Room 315 (oral).

Marzia Palma - Expression of Human Telomerase Reverse Transcriptase (hTERT) Splice Variants In Chronic Lymphocytic Leukemia. Sunday, December 5, Poster Board no.: II-293

Hodjatt Rabbani - Ror1 Targeting Monoclonal Antibodies Induced Apoptosis of Chronic Lymphocytic Leukemia Cells; A Potential Novel Therapeutic Approach. Tuesday, December 7, 8:15 AM, Room 314 (oral).

Stamatopoulos (inkl Richard Rosenqvist m fl) - The Composition of the B Cell Receptor Repertoire In 7428 Cases of Chronic Lymphocytic Leukemia: One Third Stereotyped, Two Thirds Heterogeneous - What Does This Mean?. Sunday, December 5, 4:30 PM Valencia B/C (oral).

Bill Wierda (Anders Österborg) - A Final Analysis From the International Trial of Single-Agent Ofatumumab In Patients with Fludarabine-Refractory Chronic Lymphocytic Leukemia. Tuesday, December 7, 8:00 AM, Valencia A (oral).

KML

Magnus Björkholm - The Success Story of Targeted Therapy In Chronic Myeloid Leukemia: A Population-Based Study of 3,173 Patients Diagnosed In Sweden 1973-2008 Monday, December 6, 7:00 AM Valencia A (oral).

Satu Mustjoki (inkl Johan Richter m fl) - The Proportion of Ph+ CD34+CD38neg Leukemic Stem Cells In the Bone Marrow of Newly Diagnosed Patients with Chronic Myeloid Leukemia (CML) In Chronic Phase (CP) Is Variable and Correlates with High Sokal Risk, High Leukocyte Count, Low Hemoglobin Concentration, Splenomegaly and Increased

Hematological Toxicity During Initial TKI-Therapy. Data From a Randomized Phase II NordCML006 Study. Monday, December 4:30 PM, Valencia A (oral)

AML

Stefan Deneberg – Global and HOX Gene DNA Methylation in Normal Karyotype Acute Myeloid Leukemia: Clinical Implications and Molecular Correlations.

Monday, December 6, 7.30 AM, Orange County Convention Center, 304 EFGH (oral)

MDS

Maryam Nikpouyr - Transcriptome Analysis of Differentiating Erythroid Progenitors in Refractory Anemia with Ringed Sideroblasts. Saturday, December 4, Poster Board I-844

MPN

Malin Hultcrantz - Patterns of survival and causes of death in 9,384 patients with myeloproliferative neoplasms diagnosed in Sweden between 1973 and 2008. Sunday, December 5, Poster Board II-951.

Robin Scherber (inkl Peter Johansson m fl) - The Myeloproliferative Neoplasm Symptom Assessment Form (MPN-SAF): An International Prospective Validation Trial In 402 Patients. Monday, December 6 Poster Board III-874,

Myelom

Sigurdur Kristinsson - Monoclonal Gammopathy of Undetermined Significance and Risk of Infections: A Population-Based Study. Monday, December 6, Poster Board III-832

Neha Korde (Ola Landgren) - Pure red cell aplasia associated with plasma cell myeloma: does monoclonal protein inhibit erythropoiesis?"

Trombossjukdomar

Kristina Sonnevi - High Thrombin Generation Measured In the Presence of Activated Protein C Is Associated with An Increased Risk of Recurrence Among Women 18-64 Years After a First Event of VTE. Sunday, December 5, 5:15 PM, Hall F5 (oral)

Nya läkemedel

Vendela Parrow – AKN-028, a FLT-3 kinase inhibitor in preclinical development induces significant gene regulation that differs from PKC-41.

Saturday, December 4, 5:30 PM, Hall A3-A4, Poster board I-817
